## Personal Profile

Hello. My name is Bojan Kolano and I am from Novi Sad , Serbia and I was born there in 22.12.1994 . At the moment , I am a university student and my major is IT , Information Technologies . I am in my last year of studies with all of my exams finished . I love computers , so my main focus is working with, and on them . My main specializations are Front End development and Administration , but I am also interested in and studying Internet Marketing .

One of my main interests , besides computers , is English , and languages in general. As I am fluent in English , I started studying German and Japanese. I am still a beginner , but I learn fast.
